## Fort Hunter Liggett roads temporarily closed due to conditions

FORT HUNTER LIGGETT, Calif. – Some roads on and through Fort Hunter Liggett are closed due to safety concerns for travelers.

The following roads are closed to all public traffic: the Nacimiento-Ferguson Road is closed through mid January 2011 because the Green Bridge is undergoing repair; and two low water crossings on Del Venturi have been closed probably through spring until the water recedes to a safe level.

Established in October 2005, the U.S. Army Combat Training Center – West provides base operations support at four installations enabling world-class Combat Support and Combat Service Support training, while providing for the well-being and security of Soldiers, family members and civilians on post. Fort Hunter Liggett is the largest Army Reserve installation and the eighth largest in the Army. With more than 165,000 acres of unencroached mountains, valleys, rivers, plains and forests it provides ideal maneuver areas for today's training requirements. Please visit our website for information on our organization, visit [www.liggett.army.mil](http://www.liggett.army.mil).
